

Wall Base

We carry the most complete selection of vinyl and rubber wall base you will find anywhere, from:

Johnsonite

See the full color Johnsonite insert after page 8 for complete information on Johnsonite's full selection of vinyl and rubber base, the exclusive Colormatch® system and new **TightLock™**, the latest innovation in wall base. We stock Colormatch® colors in vinyl, rubber, .080", 1/8", cove, toeless, pieces and coils. *Call us first.*

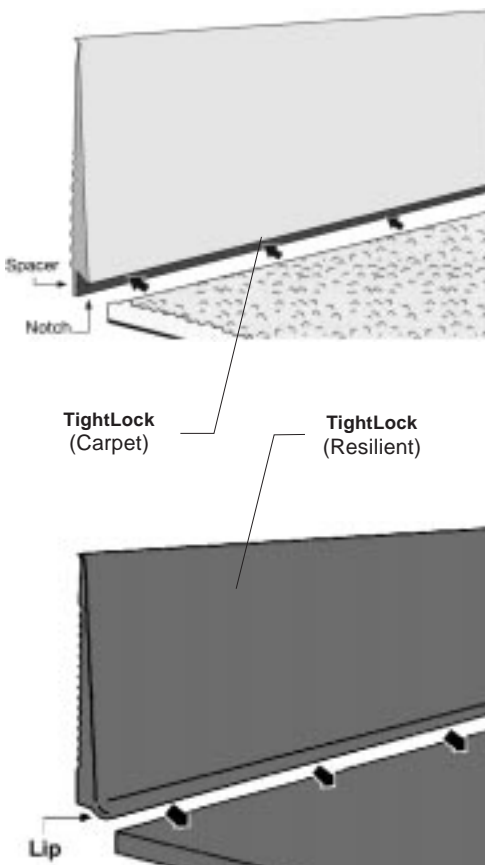

NAFCO

We have a large inventory of every color in .080" gauge vinyl base in 4" and 6" heights for immediate delivery. *Call us first.*

Macklanburg Duncan

Choose from our large inventory of **Matte Finish Contract** base in selected colors for large jobs where low cost is desired.

TightLock™ Wall Base

A new concept in wall base !!

TightLock™ is the first **new** wall base solution since the invention of traditional cove base, with an exclusive design that solves many of the installation and appearance problems that have plagued designers, architects and flooring contractors. TightLock differs from all existing bases – it features a revolutionary wedge shape 100% thicker than standard wall base at the most critical points. Made in two configurations: Carpet and Resilient.

Check these features and benefits:

- The added thickness of TightLock hides wall imperfections much better than standard toe or toeless base, and a simple wood chisel makes perfect wrapped corners every time much faster, better and easier than with standard base.
- Spacer construction and recessed notch permit carpet to slide under the base and **locks in** carpet to hide trimmed edges.
- TightLock can be reused, because carpet can be replaced while TightLock remains in place.
- Use TightLock with direct glue-down, double-glue, or tackless installations.
- TightLock Resilient has a smaller lip which gives a smoother, cleaner toeless look to the finished job.
- Easier to install... the carpet base *is always prehung*, and the 1/4" spacer at the bottom holds the base off the floor at a uniform height for a quicker, easier and cleaner installation that is "done right" the first time, every time.
- Available in three heights – see chart on next page:
3-1/4" TightLock gives the neat, clean look preferred by designers and can be used in place of regular 4" base
4-1/2" height can be used in place of regular 6" base
6-1/2" TightLock is designed for health care and other specialized requirements.
- When replacing old base on retrofit jobs, 4-1/2" TightLock covers the old glue line and hides damage from removal of old 4" base.
- When you use TightLock, wall base will no longer be a punch list item, thus avoiding building occupancy delays and reducing installation costs.

TightLock™ Wall Base

Johnsonite Wall Base

WALL BASE

Johnsonite base is unequalled for quality, color selection, ease of installation, and design flexibility. The **Colormatch System**® assures that colors will match throughout the entire line of rubber and vinyl products.

For highest quality, easiest installation, and maximum hiding of irregular wall surfaces, choose 1/8" gauge rubber or 1/8" vinyl base. Now you can mix and match rubber floor tile with rubber or vinyl stair treads, rubber or vinyl wall base and a wide variety of vinyl trims, confident that the Colormatch System® guarantees perfect color matching.

Choose from two thicknesses and three heights. For the full palette of Johnsonite colors, refer to the full color Johnsonite catalogue after page F-8.

Pre-formed inside and outside corners are available—25 per box.

CORNERS: Replace the "L" (length) or "R" (roll) with "I" for Inside or with "O" for outside corners. Corners are packed 25 per ctn. Sold in full cartons only.

NOTE: All base is packed 120 ft. per carton except 6"x1/8" base which is 100 ft. per ctn.

Explanation of Style No.

1. **JV** or **JR** for Johnsonite Vinyl or Rubber
2. Height - 2, 4, or 6"
3. **"C"** for Cove (with toe) or **"S"** for Straight (toeless)
4. **L** or **R** for 4 ft. Length or Rolls
5. **"xx"** - two digit color number
6. **080** or **1/8** for **.080"** or **1/8"** thickness

Application Cove Base

To avoid cove base problems:

Use enough cement to cover 80-90% of the back of the base; then be sure to roll base on wall with a "J" roller or wall roller. *Never* install base over vinyl wall coverings. And be sure the adhesive is compatible with the paint on the wall.

Nafco Wall Base

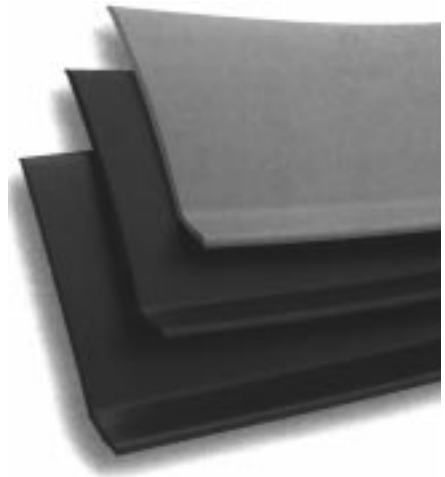

A special compound and unique moulding process make Nafco base dimensionally stable, long-wearing and guaranteed free from shrinkage. Embossed back has no release agents, providing maximum adhesion to wall surfaces. Nafco Wall Base is made in two thicknesses (.080" and 1/8"), in 3 heights (2-1/2", 4", and 6") and in two basic styles (toe and toeless). The base is packed in 4 ft. lengths or in a 120 foot continuous coil. Both are packed 120 ft. per box. Sold in full cartons only.

Preformed inside and outside corners are available 10 per box.

Nafco Base Colors

CB 10 White	CB 57 Moss	CB 78 Taupe

We carry every color above in stock at all times in 4 inch x 4 ft. x .080" base. We also carry a good selection of 6" x 1/8" cove base with toe.

WALL BASE

Nafco Vinyl Base Style Number Table

Height	.080" Gauge				1/8" Gauge			
	With Toe		Toeless		With Toe		Toeless	
	4 ft.	Coil	4 ft.	Coil	4 ft.	Coil	4 ft.	Coil
2-1/2"	N2CL-	N2CR-	N2SL-	N2SR-	N2CL- X	N2CR- X	N2SL- X	N2SR- X
4"	N4CL-	N4CR-	N4SL-	N4SR-	N4CL- X	N4CR- X	N4SL- X	N4SR- X
6"	-	-	-	-	N6CL- X	-	-	-

How to Order NAFCO Wall Base:

1. First select the style number from the Style Table
2. Then add the color number from the color chart, with a dash ("-") between the style number and the color number.

Example:

For 4" x .080" cove base with toe in 120 ft. Coils, color CB-35 Nubian,
Order as: **N4CR-35**

3. For 1/8" base, add an "X" after the color number.

M-D Vinyl Wall Base

Matte Finish Contract Base – A lower cost base for large contract jobs where lowest cost is the prime consideration. Made from first quality vinyl; not from reground or recycled materials, in 7 contract colors.

Installation Tip

Never roll cove base to the wall in one direction only. Vinyl will stretch and will return to its original length leaving gaps at the joints.

Matte Finish Contract Base - Color Chart
