PB POLY-BIND™ 3/4" RUG BINDING

3/4" Polyester rug binding carried in 53 outstanding colors. A top quality tape: sews cleanly, won't fray, and is color fast. Use with all binding machines. 72 yards per roll, packed 2 rolls per gross (144 yds). Sold in full gross packages only. Order color card below.

(Sku No. is **PB xxx**; replace the "xxx" with 3 digit color number)

3/4" POLY-BIND™ BINDING CHART

Chart shows samples of 53 colors of our 3/4" Poly-Bind™ polyester binding tape.

BOND 3/4" RUG BINDING

The full range of colors in the popular Bond 3/4" polyester binding is carried in our Richmond branch only. Ask for color card.

HA-125 1-1/4" COTTON BINDING

1-1/4" cotton tape for hand binding of rugs. Apply by sewing or stapling. Available in 58 colors on 72 yard rolls; sold by the roll. *Not stocked at all locations.* Order color chart below.

1-1/4" COTTON BINDING CHART

Chart shows all 58 colors of our 1-1/4" cotton binding.

CLEAR NYLON MONOFILAMENT THREAD

Cleartone monofilament nylon thread for all carpet binding machines blends with the color of the carpet. Available in large plastic canisters of approximately 1-1/2 lbs. or 8 oz plastic tubes. 8 oz. tube comes with a knitted sock to prevent unravelling.

Thread Size	Put Up	Carton Pack
AN-52C-C	Canister	12
AN-52C-T	8 oz. tube	40

AN-16/4 16/4 COTTON MACHINE THREAD

Size 16/4 glazed cotton thread for serging or binding machines. Natural color. 4800 yds. per tube; packed 5 tubes per box.

READY WOUND BOBBINS

White nylon bobbins for machines listed below. Packed one gross (144 bobbins) to box.

Number	Style	Machine
AN-23-A	A	NC, Bond, or Speedbinder portable
AN-23-F	F	Table model NC, Speedbinder or Bond

AN-18HW WAXED HAND SEWING THREAD

Heavy waxed polyester hand sewing thread. A superior quality thread for long lasting seams. 4 oz. plastic spools in natural color only.

HAND SEWING NEEDLES

Our needles are made from finest quality Sheffield steel with a round point and large eye. Available straight or curved as shown below.

Number	Size	Description	Pack
GU-515-3	3"	Straight	25
GU-501	5"	Curved	12

SEWING MACHINE NEEDLES

Order needles for your binding machine from this chart:

Number	Size	Machine
NC-435	22	N.C., Bond or Speedbinder Portable; Speedbinder table model. 100 pack.
NC-123	23	N.C. model TPB. 100 pack.

Other needles are available on request.

NC-SEW SEWING SOFTENER

A "must" when sewing binding onto carpet. Softens the back of the toughest carpets to make hand or machine sewing easier. Also used to soften carpets too stiff to hook on the pins of tackless strip. Stocked in pint cans; packed 12 per case.

See page 98 for ordering information from our 12 branches.

Binding Machines

PBS-2 NC PORTABLE BINDING MACHINE

A portable machine with single puller to sew on 3/4" binding in the shop or on the job. Comes complete with built-in motor, roll-about casters, binding holder, lighted work surface, tool kit and carrying case. Machine is lightweight for ease of use, and has the following features:

- One pass operation
- Sews over 4 yards per minute
- Sews most carpet thicknesses
- Zigzag lockstitch
- Easy change bobbin case
- Completely portable

PBT NC TWIN PULLER PORTABLE BINDING MACHINE

An improved, **extra heavy duty version** of the PBS-2 binder described above. To the basic machine NC has added front and rear driven twin pullers, each with its own clutch for more positive feed to handle heavier carpet. The second puller keeps the rug feeding straight through the machine. Weighs only 24 lbs. with carrying case. **Special Order only.**

BO-HDP-2 HEAVY DUTY PORTABLE BINDER

Extra heavy duty machine uses the table model chassis with wheels and a top mounted powerful motor for portability and extra heavy duty capacity to handle carpets to tough for the lighter portable binders. Can also be mounted in a table for stationery use.

BINDING MACHINES

Steamer

J-3C JIFFY STEAMER

A professional steam producing machine with a special wide carpet head. Use to remove roll-crush lines, smooth wrinkles, relax stiff carpet backs, fluff packed samples, etc. Made of aluminum and brass to resist corrosion and rust. Comes complete with 5-1/2 ft. hose, full flow nozzle with wood handle, dual thermostat for heating water or making steam. Uses 110V current with 1500 Watt heater. Weighs under 30 lbs. This tool is a "must" for every workroom, carpet installer and dealer.

Installation Tips

Binding Carpet With Portable Binding Machine

To help a heavy rug glide more smoothly into the binding machine, lay the edge of the rug along a 12 ft. cardboard tube ... from a roll of carpet ... When you run the machine alongside the tube, the edge of the rug will be raised up to the level of the binder and it will feed much better.

Mitering Clamp-Down Metal

To get a proper mitered joint on clamp down metal, insert a scrap piece of the actual carpet and tap down the lip with a rubber mallet, then cut the corner with a hacksaw. Bend the lip up, remove the scrap and install the metal. When you tap it down again, you'll have a perfect miter.

Keep Tools from Sticking

Keep a can of WD-40 or silicone spray on your truck. A quick spray once a week on the moving parts of your tools ... stretcher tubes, staplers, kickers, etc. ... will keep them from sticking or binding and will prolong their life.

467BS-01 ELECTRIC CARVER WITH VACUUM TANK

A professionally designed state of the art tool for producing beautiful carved rugs. Use for custom designs, corporate logos, etc. Can be used to trim inlays. Carver head has suction tube on bottom for clear visibility while carving away from operator. This is a complete kit that includes: carver head and suction tube; vacuum tank and hoses; variable speed motor; and drive cable.

PDC-3 AIR-DRIVEN CARPET CARVER

This is the ultimate carver for sculpturing and inlays. The air-driven carpet carver is lightweight and air cooled. It is easier to use, is more maneuverable, and more responsive to intricate manipulations. Requires only 35-40 PSI of compressed air. Has no cable, no exterior motor, no wires, and no brushes making the PDC-3 virtually maintenance free and super quiet.

CBRP CARVER BASE RELIEF PLATE

Use with all carvers to lock in carver at any angle or height for controlled relief carving, or for long runs.

MK MINI KIT

The Mini Kit is an in-line lubricator, water trap, filter and air pressure regulator. Gauge measures pressure from 0-160 PSI. This kit should be used with all air-driven tools.

C129-C CARVER BLADE

Replacement blade for Model 467 electric or PDC-3 air-driven carver.

GG HEAVY DUTY GLUE GUN

Heavy duty electric glue gun uses jumbo glue plugs. Applies hot melt glue for repair work and seaming all types of carpet. Comes with holder stand.

AGG AIR DRIVEN GLUE GUN

The air-driven glue gun is ideal for gluing and seaming large areas or for continuous usage. Works easier and faster than the electric gun. Requires 50-100 PSI of compressed air.

WIDE TIPS FOR GLUE GUN

Used with model GG or AGG glue gun. Optional T tip is 3" wide for applying hot melt adhesive over a wider area. Used for inserting designs into custom area rugs. Two models:

WT-BRASS Brass tip has slot for dispensing hot melt adhesive.

WT-ALUM Aluminum tip has 6 holes for dispensing adhesive.

S-30 ADHESIVE GLUE PLUGS

Large thermoplastic adhesive glue plugs for use with glue guns or seaming gun. Each plug seams up to 12 feet. Packed 35 lbs. per box.

ST 1" POLYESTER SEAM TAPE

One inch wide polyester seam tape for use with glue gun. Remains flexible under the seam. 72 yd. rolls; 2 rolls per package. Sold by the package.

SCRIM

Specially formulated polymesh tacky seaming tape.

Prod No.	Size
SCR-1	1" x 300'
SCR-2	2" x 300'
SCR-4	4" x 300'
SCR-6	6" x 300'
SCR-12	12" x 300'

Rug Carving Systems

DT DETAILER HOT KNIFE

A must for the professional rug carver when making custom inlays. The hot knife of the Detailer glides through synthetic carpet backings to cut intricate patterns and designs. Also use to repair carpets by fusing seams together. Four different tips are available; comes with F tip.

DETAILER HOT KNIFE TIPS

Four sizes and shapes of tips for the Detailer hot knife

- F – Razor Tip.
- H – Heavier than F for Berbers, etc.
- E – Double sided "V" blade.
- PS – Small tip for fine detail work.

PT HOT WHEEL PATTERN TRACER

Electrically heated wheel perforates patterns and designs on Tyvek™ pattern "paper".

TP TYVEK™ WATERPROOF PATTERN "PAPER"

Tyvek is a non-woven synthetic material that produces a water resistant fabric that can be handled like paper, but will not tear. The perfect material for use as an *almost indestructible* pattern paper. Roll is 60 inches wide by 50 yards.

S14 CARVER LUBRICANT

A must for lubricating carver blades to keep them from burning when carving synthetic fibers. Aerosol spray can.

NCPB PORTABLE CARPET BEVELER

The N-C beveler professionally bevels the edge of carpet to make binding easier and more professional looking. Bevel the edges of borders before fabrication to make a more professional looking rug and hide pile height differences. Adjusts for different cutting angles and carpet thicknesses. Features a special high speed revolving blade. Hook-up for a shop vac keeps the work area clean.

Electric Carpet Cutters

RS-GS

PC-2

RS-GS NC ULTRA SLIM-LINE ELECTRIC CARPET CUTTER

A real workhorse! NC's carpet cutter has an ultra-slim profile to permit the blade to glide through any weight carpet, even hi-density rubber, without buckling. Even though the standard is slimmer, it is stronger too . . . Won't break under normal use. Large 5 1/4" blade lasts longer and holds edge longer. Fingertip trigger for automatic sharpening. Motor has sealed bearings. Will give many years of heavy-duty service.

Special Order.

PC-2 PORTABLE ELECTRIC CARPET CUTTER

Especially recommended for cutting padding. This compact cutter weighs less than 5 lbs, but cuts any weight carpet. Fingertip on/off switch and built-in blade sharpener. Cuts straight or slight curves easily and accurately. Optional removable base plate is available.

Special Order.

Installation Tip

Never use a pointed seam roller when making a seam with hot melt tape. Use a round smooth roller or grooved but not pointed. When the seam is hot, a pointed roller can distort the yarn. This is less likely with a smooth or ridged roller and conforms to the CRI's installation policy.

Spot & Stain Removers

AFTA CLEANING FLUID

An old standby, used for years in the carpet trade. One of the world's finest spot removers: removes most all of the following stains: grease spots, oil, lipstick, paint, tar, chewing gum, etc. Afta may safely be used on all fabrics and is used by some of the leading carpet mills. Contains no carbon tetrachloride, soap, water or acids.

Prod No.	Size	Pack
AF-G	Gallon	6 / case
AF-Q	Quart	12 / case
AF-P	Pint	12 / case

SPOT SHOT CARPET STAIN REMOVER

An amazing stain remover that removes fresh stains without rubbing or blotting. Just spray it on and watch the stain disappear! (Old stains may require blotting). Spot Shot is non-toxic, non-flammable, and non-corrosive, and it works on both oil and water based stains. Leaves no ring or residue, and will not damage or dull synthetic fibers. 14 oz. spray cans; 12 per case.

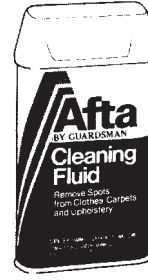

OIL-FLO SAFETY SOLVENT ADHESIVE REMOVER & CLEANER

An amazing cleaner that will remove many types of adhesive: cutback, mastic, multipurpose, latex carpet adhesives, etc. Also dissolves grease, oil, waxes, creosote, chewing gum, crayons, and more. Leaves no residue, and contains no chlorinated hydrocarbons. No citrus odor. Easy clean up. Non-flammable safety solvent.
