

Our system provides you with a wide range of sustainable solutions. So whether you're building a school, a hospital or a sports facility, you can make the right choice. One that meets your functional requirements and your desire to use sustainable products. Tarkett's choice of sustainable solutions is an integrated system that offers our customers the chance to balance all the competing needs while making choices that are truly sustainable and work together aesthetically.

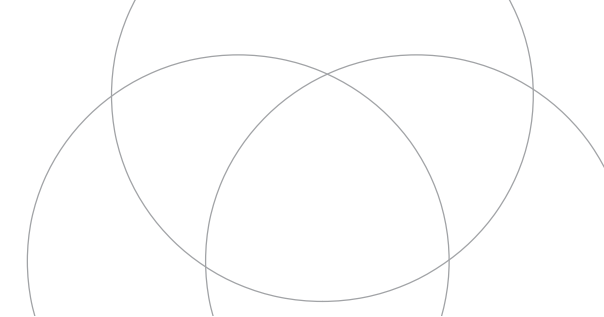

Product/Sustainable Facts	Certifications				Good Raw Materials				IAQ			Possible Lead Credit Contributions
	Manufactured in an ISO14001 plant	NSF-332	C2C	USDA BioPreferred	Recycled Content	Rapidly Renewable	Non-phthalate	Non-chlorine & Non-halogen	FloorScore™	≤10µg/m3	≤100µg/m3	
FINISHING ACCESSORIES	X				X		X*		X		X	MR2;MR4;MR3MR5;EQ4.3
FINISHING BORDERS/WALL BASE												
BaseWorks™ Thermoset Rubber Wall Base	X					X	X	X	X	X		MR2;MR5;MR6;EQ4.3

Tarkett offers EcoScorecard, an online tool that allows you to review products and evaluate how they can contribute to a LEED project. Simply provide some basic information, press a button and your environmental scorecard is complete. It instantly calculates products' LEED contributions and environmental attributes. This scorecard can be saved as a PDF or printed and inserted in the project folder for the building certification.
